

# INTERNSHIPS

Designers, Researchers,  
Writers, Teachers,  
Media Specialists and Project Managers!

We are-

A remote learning design and innovation studio  
in Mumbai on a mission to enrich learning  
environments.

We work at the intersection of pedagogy, design  
and technology, to shape the world into an  
inspired place - one learning experience at a  
time.

We take in a number of interns remotely.

If you are interested please write to us at:
